

Abdulrahman Husari

STUDENT IN MSc.E, COMPUTER SCIENCE AND ENGINEERING

Profile

An ambitious and driven MSc.E Computer Science and Engineering student with a recently completed bachelor's degree in computer engineering. With strong coding skills and excellent communication abilities, including leadership competencies, I am always eager to learn, grow, and adapt to the latest technologies to further my personal development. I enjoy challenges and have an impressive ability to quickly solve problems. I work both independently and in collaboration with others, making me a valuable member of a team, and now seeking opportunities in IT, technology, and programming where I can utilize my skills and continue to grow and develop.

Education

MSc.E, Computer Science and Engineering, Lund University, Lund

AUGUST 2022 – PRESENT

I have completed a prestigious education with a focus on data technology, successfully earning a Bachelor's degree from the University of Halmstad. I am currently pursuing a Master's degree in Engineering from Lund University, a leading institution in this field. This education provides me with a solid foundation in technology and its applications, and I am eager to utilize my skills and knowledge in a career within the industry.

Computer Science and Engineering, Högskolan i Halmstad, Halmstad

JANUARY 2019 – JUNE 2022

I have already obtained my bachelor's degree, done various projects, and completed the most required courses in the education itself.

Courses

Introduction to programming in Python, Borås University

Employment History

IT Servicedesk Agent, Academicwork, Malmö

SEPTEMBER 2022 – PRESENT

As a service desk agent at TietoEVERY, I work as a competent consultant to provide world-class service to our customers. With a strong focus on customer satisfaction, I carefully work to resolve any technical issues and questions that arise, and ensure that our customers always have access to the help they need. As a first-line agent in the IT support industry, I am dedicated to providing the best possible service, and I work hard to achieve this every day.

Team leader, Storesupport, Halmstad

MAY 2021 – AUGUST 2022

As a team leader responsible for managing and coordinating approximately 75 employees, I was responsible for planning, scheduling and resolving issues within the team.
