Abdulrahman Husari

Final-Year MSc.E Computer Science and Engineering Student

An ambitious and driven MSc.E Computer Science student at Lund University, set to graduate in June 2024. With a strong foundation in Computer Engineering from Halmstad University.

With strong coding skills and excellent communication abilities, including leadership competencies, I am always eager to learn, grow, and adapt to the latest technologies to further my personal development. I excel at solving complex tech problems and quickly adapt to new technologies. I'm now seeking roles that offer growth and a chance to contribute my skills.

Education

MSc.E, Computer Science and Engineering at Lund University, Lund

AUGUST 2022 — PRESENT

In my final year at Lund University, I'm completing an MSc.E in Computer Science and Engineering. This builds on a strong Bachelor's degree from Halmstad University. My education equips me with the skills needed to excel in tech industries, setting the stage for a future-focused career.

Computer Science and Engineering at Halmstad University, Halmstad

JANUARY 2019 — JUNE 2022

I have already obtained my bachelor's degree, done various projects, and completed the most required courses in the education itself.
